# Tackle Days Wrap-Up

*By Debbie Patenaude*

Fisherman's Landing Tackle Days started out bright and early on Saturday, November 3rd. The parking lot was a beehive of activity as all the vendors were setting up their booths and displays, with many great deals to be had. Jim Medlin, Steve Johnson, and Debbie Patenaude arrived at 6am with coffee and donuts in hand to set up the San Diego Anglers booth and get ready for the Tackle Days casting contest. What a perfect day! With Shimano providing the awards, the grand prize for the casting contest was a 500 Tranx, second place a 9' Teramar rod, and Third place a box full of lures. The line started forming just before the contest began at 9am. Even with the contest being all for fun, the competition was fierce. Each angler got a free practice cast and two free casts that were measured. If they wanted to try again, the cost was \$10, with all the proceeds being donated to Friends of Rollo. Some of San Diego's best anglers showed up to try their hand at winning the contest. Finally, at 2:30pm, Jim and Steve blew the whistle and the contest ended. Three very happy anglers, with our own Norm Campbell taking third place, walked off with the prizes.

A big thank to Doug Kern for the opportunity. Thank you to Kevin Burkhart for taking photos, Jim and Steve for running the contest, Dave Hanes, Adam Larson, Charley Fouquette, David Ameika, Gary Smith, and all the other SDA Anglers that helped out.

# Bay Bass Tournament - Saturday, February 2, 2019

By Dwayne Patenaude, Charter Master

**We have moved the Bay Bass Tournament to Saturday, February 2, 2018.**

We can't talk about the tournament without talking about the Shelter Island launch ramp first. The launch ramp is coming along nicely now and the Port Authority has finally given an official completion date of mid December. We will give them the benefit of the doubt and call it the end of the year!! The number of lanes is still 10, but the basin and the opening are much larger. Should be able to tie up a dozen boats or more to courtesy docks instead of the 4-6 with the old ramp. Opening is much wider so boats SHOULD be able to go in and out at the same time now. Concrete is new so you won't be slipping and sliding at low tide any more! The amphibious Duck Tours is already using the ramp.

The entry forms should be ready by the beginning of December if you are going to fish it. If not, we need your help as a volunteer. To the new club members, the Bay Bass Tournament is our signature event. We could have 300 fisherman and the crowd at the BBQ/Raffle could be 750. We need help getting the boats checked in and launched in the morning. We need help setting up the weigh station and the BBQ area.

We need cooks and servers. We need raffle ticket sellers. In short, we need about 65 people total to make it happen efficiently. Mike Kezele will be gathering up the volunteers' names between now and the tournament. Let us know as soon as possible if you can help.

Now to the tournament. Our Title Sponsor is Boat U.S. (formerly Vessel Assist). Thanks to Rob Butler for his generous sponsorship! The details are this: We have two different divisions, boat division and kayak division. Top prize in the boat division is \$1500, sponsored by Fishermen's Landing Tackle. Top prize in the Kayak division is \$500, donated by Fast Lane Sailing and Kayaks. The boat division is a team event with no more than 2 in a boat. If we get a full field of participants, we will pay down 25 spots in the boat division and 5 spots in the kayak division. Each division is won by the largest sack weight of the 3 largest bass per vessel. (Calico, sand and spotted Bay Bass). Since the bay has been basically un-fished since the launch ramp refurbishing, we are expecting some pretty good stringers coming in! (Official Rules will be listed in the entry form). When the fishing is over, we have a giant BBQ ready to go to feed the crowd, and to end it all, we have a giant raffle. As of this writing, Penske Ford in La Mesa is sponsoring the Grand raffle Prize of \$1000 cash!

(We are still gathering sponsors for the event. And, if you know of someone that would like to help sponsor the event, please let me know.)

The event is our largest fundraiser of the year. It helps to pay for those awesome monthly raffles, it helps to subsidize our great charters. It helps pay our annual insurance policies, the meeting room rental and all the hard costs associated with our great little club. It is the reason we can keep our annual dues so cheap. Without the event, we would not be what we are. So, THANK YOU to all that have volunteered in the past and, we welcome all the new volunteers we will be meeting for this year's event. And I almost forgot, when things settle down, we have an AWESOME volunteer party at the Kezeles in Santee to thank you for all your help. Stay tuned for time and date.

## Shelter Island Boat Launch Construction Update: Ramp Expected to Reopen in December 2018

Contact Marguerite Elicone (619) 787-6391, [melicone@portofsandiego.org](mailto:melicone@portofsandiego.org)

The Shelter Island Boat Launch Facility Improvement Project has made significant progress and the heavy construction work is now entering its final weeks. The Port of San Diego anticipates that public access to the boat ramp will be restored in December, 2018; an announcement will be made once the ramp is safe for use.

The entire project, which includes associated site work, is expected to be completed in January, 2019.

The project has made progress with the completion of the breakwater wall, which entailed installation of 92 piles and 53 concrete wall panels; completion of both platforms that will connect to the floating docks; completion of the new concrete ramp and connecting apron; and installation of floating docks on the east side of the boat launch basin.

The contractor is currently installing the west side guide piles for the west floating docks, and building up the new roadway connecting the new boat ramp to the adjacent parking lots. The public will be able to access the ramp once the connecting roadway is finished and the floating docks and gangways are installed.

Once completed, the improvements will make the boat launch ramp safer and more navigable.

Upgrades include enlarging the maneuvering area in the basin by 80 percent, replacing the worn-out launch ramp, increasing the lengths of the boarding floats, installing public docks, public walkways, adjacent parking, and upgrading the restroom to current Americans with Disabilities Act standards.

The Port of San Diego appreciates the public's patience during this important public improvement project. Please visit [portofsandiego.org/sibl](http://portofsandiego.org/sibl) for more information and updates.
